Subscription-based legal services

Subscription-based legal services

Legal and tax consulting

Modern business is abundant in questions that arise during the routine activities of a company. Any company needs legal assistance starting from documents analysis to the presence of a lawyer at important negotiations.

Subscription-based legal services — are the services that include a complete spectrum of legal assistance for the activities of your company.

Korpus Prava offers:

- 1 Secure assistance to your business in all legal and tax matters
- 2 Qualified lawyers for consulting who can provide comprehensive protection to your company
- 3 Direct presence of an expert at a pre-arranged time for assistance during negotiations, signing of documents and other stages crucial for your company
- 4 Tailored tips on all issues that arise in the fields of taxation and laws

We offer three most popular service packages

The “Basic” package

- Unlimited number of verbal consultations on issues arising during the business activities and consultations on preparation, amendments, renewals and analysis of documents
- One written monthly opinion of any level of complexity on matters of accounting, taxation and laws, risk forecasting and tax consequences that are due to entering into transactions, tax and other calculations based on the information provided by the client

The “Comprehensive” package

- Unlimited number of verbal and written consultations on issues arising during the business activities and consultations on preparation, amendments, renewals and analysis of documents
- Preparation of legal opinions in accordance with the client’s request
- Tips on accounting matters
- Assessment of tax consequences of entering into, amending and termination of agreements
- Drafting of template employment contracts with the employees, the employment contract with the head of the company and with the chief accountant of the client
- Drafting and legal opinion on agreements and contracts and other documents

The “Exclusive” package

- Unlimited number of verbal and written consultations on issues arising during the business activities and consultations on preparation, amendments, renewals and analysis of documents
- Out-of-court settlement of disputes
- Drafting of claims and responses to claims on all matters of the corporate activities
- Representation services at negotiations and attendance of talks/meetings at the client’s request
- Participation in business routine of the company — certification of legal documents with the established relationships with the authorities of different level
